Driven by a deep passion for artistic expression, I decided to pursue art education. My focus lies primarily in concept art and illustration, where I aim to bring my own unique touch by blending my technical skills with my imagination to make really captivating and eye-catching concepts and images. I consistently challenge myself through experimentation, seeking to enhance my creative abilities and push the boundaries of my artistic endeavors.

- Proficient in creating captivating 2D concepts such as characters, environments, creatures, props, etc. while possessing the ability to work efficiently within specified deadlines.
- Dedicated to consistently delivering high-quality work.
- I am eager to contribute my skills as a 2D artist and be part of a dynamic team while gaining experience in the industry.
